

Application Note - AN 100 Access to Planevision Systems Internet Customer Area

Customized documentation for PlaneTRack devices is accessible via a closed internet customer web area.

Here is how to access: the Customer Area:

1. Retrieve your user login and password from the frontpage of the printed Operating Manual or the nameplate of your PlaneTRack device.

PlaneTRack^(tm) Type

Operating Manual

1

Customer area	http://customers.plane.vision	login and
Series master device login		password
Web customer area password		<u>(</u>

Subject to change without notice

2. Enter the URL into your browser address line:

http://customers.plane.vision

3. Enter the login (6 digits without dot) and password into the dialog fields and press ENTER. The login must not necessarily be the serial number of your device. Several equal devices may be clustered under a single master login.

Planevision	Ξ
Customer Area	
Please enter the 6-digit serial number of your device to proceed to your private area (without dots, e.g. "123.456" becomes "123456" as login). You will find the login on the rear panel nameplate of your device or in ANNEX B of the Operating Manual, too.	
Please enter the password of your device. You will find the password on the rear panel nameplate of your device or in ANNEX B of the Operating Manual	
Enter	

Now you will see a directory listing with all files available for your devices. You can retrieve files by just clicking on list entry.
